

**EVERTEC & THE ATH® NETWORK BRING JOY TO OVER 100 CHILDREN  
FOR THE SECOND YEAR**

*Seven Not for Profit Organizations attend Disney on Ice*

San Juan, Puerto Rico, May 8, 2017 – Evertec and the ATH® Network joined efforts for the second time to give the opportunity to seven not for profit organizations, who are focused on providing services to children with special needs, to bring their participants to Disney on Ice and enjoy a VIP treatment at the ATH® Suite at the José Miguel Agrelot Coliseum.

The selected organizations were: Centros Sor Isolina Ferré, CREAARTE, San Jorge Children’s Foundation, Hogar de Niñas de Cupey, Make a Wish, Boys and Girls Club and Centro Tao – Nuestra Escuela. Evertec and the ATH® Network hosted over 100 kids for a day of fun and entertainment at Disney on Ice. Among the participants were children between the ages of 4 and 18 with special needs, from high risk communities, or kids removed from their homes for their safety.

“We are glad to have this opportunity to bring joy to these children. Puerto Rico is in the midst of challenging times, but our commitment to help those in need remains unchanged”, expressed Mac Schuessler, president & CEO of Evertec.
